

Student Graduation Rates

The Department of Education requires the disaggregated reporting of student graduation rates. The data is based on our first-time, full-time, first-year baccalaureate-seeking cohort which typically represents less than 12% of our overall student enrollment. The data below represents the graduation rates of the cohort who entered Viterbo in the Fall of 2010. The summary of graduation rates by type of Title IV aid, gender, race and ethnicity are shown below.

Cells with five (5) or fewer students have been protected to prevent inadvertent identification of students. Prior years' data can be obtained by contacting the Office of Assessment and Institutional Research.
