

VITERBO UNIVERSITY

2012 ANNUAL SECURITY REPORT AND 2012 FIRE SAFETY REPORT

OCTOBER 1, 2012

INTRODUCTION

The safety and well-being of the campus community is a priority at Viterbo. Many campus and community officials are involved in keeping our campus safe. Still, a truly safe campus is achieved only with the cooperation of the entire campus community. We hope that you will read this information carefully and utilize it to help encourage a secure environment for all.

- Preventing campus crime is a shared responsibility.
- Do not assume that someone else has reported criminal or suspicious activity.
- Remember that suspicion is the only reason anyone needs for calling campus safety or the police.
- Crimes, suspicious activity, or other emergencies on campus should be reported immediately to Campus Safety and the local police department.

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, Viterbo's annual security report is provided here. The report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Viterbo and on public property within, or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, such as the policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. To request a paper copy of the report or for more information, contact The Director of Campus Safety or the Vice President for Student Development.

PREPARATION OF THE 2012 ANNUAL SECURITY REPORT

This report is prepared to comply with the U.S. Department of Education requirements, the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. Email notification is made annually to Viterbo students and employees that provide the web site to access this report. The full text of this report is available at: <http://www.viterbo.edu/safety.aspx?id=5642>. The report can also be viewed via the Viterbo homepage at www.viterbo.edu.

This report is prepared by the Vice President for Student Development in collaboration with the Director of Campus Safety and the Student Development Administrative Assistant. Members of Viterbo's Emergency Response Task Force and Communications and Marketing staff also assist with review and edits of this report. Campus crime, arrest and referral statistics include those reported to Campus Safety, the Vice President for Student Development, Residence Life, and local law enforcement agencies.

- Any suspicious activity or person seen on or loitering around campus, in or near the residence halls, apartments or theme houses, or in the parking lots should be reported to campus safety.
- All campus community members with reasonable suspicion that a person or situation may lead to a breach of security are expected to report such incidents. (Examples that warrant reasonable suspicion an unescorted guest in the residence halls; doors propped open with rocks, sticks, or similar devices; unauthorized personnel working on windows, doors or other physical plant areas; unauthorized individuals entering or using university equipment, offices, or rooms.)

REPORTING CRIMES ON A VOLUNTARY, CONFIDENTIAL BASIS

If you are a victim of a crime and do not want to pursue action within the university system or local criminal justice system, you may want to consider making a confidential report. With your permission, the Director of Campus Safety can write a report on the details of an incident without revealing your identity.

The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the university can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime in regard to a particular location, method, or assailant, and alert the campus community of potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the university.

Crimes can be reported without providing your name in person, via telephone, via email or by completing an anonymous tip form available at <http://www.viterbo.edu/secure.aspx?ekfrm=48292>.

VITERBO CAMPUS SAFETY

Campus Safety is available 24 hours a day, 7 days a week and 365 days a year. Campus Safety will respond immediately to your location in the event of an emergency. Response time may be affected by various factors, such as the number and location of available personnel and/or their involvement at the time.

Campus Safety Personnel	Location	Phone	August 1 to Mid-May Hours	Mid-May to July 31 Hours
Director of Campus Safety	7 Student Development Center / 936 Franciscan Way	Emergency 608-796-3911 Non-Emergency 608-796-3913	8 am to 5 pm	7:30 am to 4:30 pm

RESPONSIBILITIES OF DIRECTOR OF CAMPUS SAFETY OFFICERS

Security officers are trained to handle a variety of calls and complaints from the Viterbo University community. Security officers have the authority to ask individuals for identification, to determine whether those persons have lawful business on campus and to issue

parking tickets billed through the business office. They are not police officers nor do they possess the power to arrest. If a situation arises which a security officer cannot handle, the proper authorities will be contacted. Campus Safety maintains an ongoing working relationship with the La Crosse Police Department and the La Crosse County Sheriff's Department.

Per Mar Security provides service in compliance with Viterbo policies. Per Mar officers are licensed as private security and trained to provide security and safety for private companies and institutions. Per Mar employees are not deputized law enforcement officers, and do not have police arresting authority. They can, however, legally detain an individual. Their functions include: protecting campus community members and visitors; assisting visitors and serving as concerned public relations representatives; limiting access to those who are authorized; serving as a deterrent to persons intent on committing criminal acts, including vandalism; watching for use of illegal drugs and consumption of alcohol; protecting proprietary information; monitoring materials leaving the facilities and helping to ensure that company property does not leave without proper authorization; and spotting and reporting potential hazards. In addition, Per Mar Security may be called to assess the severity of a physical or mental health situation and call for transport to a local health provider, if necessary.

Criminal incidents are referred to the local police who have jurisdiction on campus. Campus Safety maintains a highly professional, ongoing working relationship with the La Crosse Police Department (LCPD) and the La Crosse County Sheriff's Department. The two organizations share information and the LCPD assists Viterbo Campus Safety frequently with information and services. The LCPD assigns a community liaison to the Viterbo University campus. The university and the LCPD also collaborate on a new student orientation program. Both organizations – Viterbo and LCPD - hold seats on the Tri-Campus Community Advocacy Group for reduction of overconsumption of alcohol. Viterbo also assists the LCPD by providing volunteers for the Third Street Aid Station during Oktoberfest. The LCPD sends reports of off-campus alcohol offenses to the university.

EMERGENCY NOTIFICATION PROCEDURES

1. Officials at Viterbo University will issue emergency notification when an incident is reported to or brought to the attention of Campus Safety, law enforcement or other offices, and the incident represents a serious and ongoing threat to the safety of members of the campus community.
2. The process of issuing an emergency notification begins by confirming there is a significant emergency or dangerous situation. It is typically Campus Safety personnel, the Vice President for Student Development and/or the Vice President for Communications and Marketing who verify information and the existence of a significant emergency or dangerous situation. This occurs by garnering information from firsthand accounts, incident reports, alarm systems, security officers, police officers, media accounts, weather reports, and/or web information. In some locations, cameras can be reviewed in the event of an emergency or dangerous situation, etc.
3. The decision to issue an emergency notification will be made on a case by case basis in light of the known facts surrounding the incident, including factors such as the nature of the incident, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts, etc. The decision to issue a safety alert is typically made jointly by at least of two of the following university officials. On occasion, the situation may call for quick notification and/or only one of the aforementioned university officials is available to decide to issue the safety alert.
 - a. Director of Campus Safety
 - b. Vice President for Communications and Marketing
 - c. Vice President for Finance and Administration
 - d. Vice President for Student Development
 - e. University President
4. The content of an emergency notification is determined by the circumstance and how it is affecting the campus and campus community. Emergency notifications may be short or longer messages and are written to:
 - a. Alert the campus community of the situation,
 - b. Help protect individuals from harm,
 - c. Help prevent an incident from escalating, and/or
 - d. Provide instruction that promotes the safety and well-being of those affected by the situation.
5. A safety alert or emergency notification message may be directed to the entire campus community or to specific populations, segments, facilities, or areas, etc. of the campus depending on the nature of the incident.
6. Viterbo University will initiate the notification system after taking into account the safety of the community and determining the content of the notification. The initiation will occur unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.
7. Any one or a combination of these methods of communication may be used for notification in the event of an emergency:
 - a. Email communication using Viterbo addresses

- b. Fire alarms
 - c. Flyers
 - d. Public Address systems
 - e. Referral to print and broadcast media
 - f. Social networking
 - g. Text messages
 - h. Viterbo web site including Campus Safety web page
8. Methods for emergency notification are tested annually. The tests may be announced or unannounced. The documentation for these tests includes a description of the exercise, the date, time and whether it was announced or unannounced. (Viterbo commonly designates June 30 or the closest Thursday as a day to test all notification systems.)
 9. Members of the campus community should refer all information concerning the emergency situation and media personnel to Communications and Marketing at 608 796-3047. Campus community members are urged not to release names or information to media.
 10. In the event of an emergency or a dangerous situation, the designated university spokespersons are the VP Communications and Marketing (608 796-3047) or the University President (608 796-3001).
 11. Communications and Marketing will issue public statements as necessary. These statements may be made in conjunction with assisting agencies. Communications and Marketing holds these as important priorities for communication in the event of an emergency:
 - a. Working to help ensure safety
 - b. Providing timely and accurate information
 - c. Protecting the privacy of students, employees and families
 - d. Engaging media to help disseminate important public information
 - e. Explaining how emergency is being handled
 - f. Maintaining a log of all telephone inquiries

TIMELY WARNING POLICY

1. Viterbo University is responsible for issuing timely warnings in compliance with the Jeanne Clery Act, 20 U.S.C. 1092(f).
2. Timely warnings will be issued in response to reported crimes committed either on campus or, in some cases, off campus that, in the judgment of the University, constitute an ongoing or continuing threat to students and employees.
3. Anyone with information believed to warrant a timely warning should promptly report the circumstances to Campus Safety at 608-796-3911.
4. Campus Safety will consult, as appropriate and necessary, with other university officials regarding whether a timely warning should be issued.* The decision to issue a timely warning shall be made on a case-by-case basis after consideration of the available facts, including factors such as the nature of the crime, the continuing danger or risk to the campus community, and the possible risk of compromising law enforcement efforts.
5. Per provisions of the *Jeanne Clery Disclosures of Campus Security Policies and Campus Crime Statistics*, Viterbo University must issue timely warnings under certain circumstances. These circumstances include: aggravated assault, arson, burglary, forcible and non-forcible sex offenses, motor vehicle theft, murder and non-negligent manslaughter, negligent manslaughter, and robbery.
6. When a determination is made that a timely warning should be issued, Campus Safety will take appropriate steps to ensure timely notification of the campus community. ** Options for notification include, but are not necessarily limited to, Campus Safety web site, campus-wide email, display announcements on university phones, flyers, social networking sites, text messages, and voice announcements via university phones or speakers.
7. The warnings will include the following information as is available: the date, time and location of the reported crime; a summary of the incident; a description of the suspect and/or vehicle, and any other special instructions.

**Because the nature of criminal threats often is not limited to a single location, timely warnings must be issued in a manner likely to reach the entire campus community" (Campus Safety Magazine, 8/9/11).*

***"Timely warnings are triggered as soon as the pertinent information is available. In the case of an armed robbery, this may occur as soon as a report is made to campus police within minutes following the incident. In the case of a series of burglaries of residence hall rooms, this may not occur until they are all reported and a pattern is recognized, which may be two to three days after the incidents have occurred" (Campus Safety Magazine, 8/9/11).*

PASTORAL AND PROFESSIONAL COUNSELORS REPORTING REQUIREMENTS

The US Department of Education stipulates in *The Handbook for Campus Safety and Security Reporting* that campus “pastoral counselors” and campus “professional counselors,” when acting as such are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The rule-making committee defines counselors as: *Pastoral Counselor* is an employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of the recognition as a pastoral counselor. *Professional counselor* is an employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification (*The Handbook for Campus Safety and Security Reporting*, February 2011, pp. 77-78)

Counseling Services and Campus Ministry staff informs their clients of the procedures to report crime to Viterbo Campus Safety or the La Crosse Police Department on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

BUILDING ACCESS

During business hours, the university will be open to students, employees, guests, and vendors. During non-business hours and during periods of extended closing, access to all university facilities is by key or card, if issued, or through campus safety, physical plant, or residence life.

SEXUAL MISCONDUCT POLICY AND RESOURCES

Viterbo University strives to provide an educational environment which reflects its Catholic and Franciscan heritage and mission and which preserves the safety and dignity of each member of its community. The university prohibits all forms of sexual violence, coercion, intimidation and harassment. The university does not permit any form of sexual misconduct, including but not limited to sexual assault, sexual harassment, non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, force, coercion and interpersonal violence.

When an allegation of sexual misconduct is reported to the university and a violation of this policy is found, the university will take prompt corrective action and will impose appropriate sanctions so that the learning and employment opportunities of students, staff, faculty and employees are not further affected by sexual misconduct. The university complies with federal, state and local laws, including reporting crimes to law enforcement authorities.

Prohibited Behaviors

Viterbo University prohibits the following behaviors:

1. Sexual misconduct offenses including, but not limited to: sexual harassment, non-consensual sexual contact (or attempts to commit same), non-consensual sexual intercourse (or attempts to commit same) and sexual exploitation.
2. Sexual Harassment is unwelcome, gender-based verbal or physical conduct that is, sufficiently severe, persistent or pervasive that it, has the effect of unreasonably interfering with, denying or limiting someone's ability to participate or benefit from the university's educational programs and/or activities, and is based on power differentials, the creation of a hostile environment, or retaliation. Examples of sexual harassment include an attempt to coerce an unwilling person into a sexual relationship; to repeatedly subject a person to egregious, unwelcome sexual attention; to punish a refusal to comply with a sexual based request; to condition a benefit on submitting to sexual advances; sexual violence; intimate partner violence, stalking; and gender-based bullying. (Also see Sexual Harassment Policy.)

3. Non-Consensual Sexual Contact is intentional sexual touching, however slight, with any object, by a person upon a person, which is without consent and/or by force. Sexual contact includes intentional contact with the breasts, buttocks, groin or genitals, mouth or other orifice.

4. Non-Consensual Sexual Intercourse is any sexual intercourse however slight, with any object, by a person upon a person, which is without consent and/or by force. Intercourse includes vaginal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact.

5. Sexual Exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to invasion of sexual privacy; prostituting another student; non-consensual video or audio-taping of sexual activity; going beyond the boundaries of consent (such as letting friends hide in the closet to watch having consensual sex); engaging in voyeurism; knowingly transmitting sexually transmitted infections (STI) or human immunodeficiency virus (HIV) to another student; exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals; and sexually based stalking and/or bullying may also be forms of sexual exploitation.

6. Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion that overcome resistance or produce consent. There is no requirement that a party resists the sexual advance or request, but resistance is a clear demonstration of non-consent. The presence of force is not demonstrated by the absence of resistance. Sexual activity that is forced is by definition non-consensual, but non-consensual activity is not by definition forced.

7. Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

8. Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g. to understand the "who, what, when, where, why or how" of their sexual interaction"). Sexual activity with someone who one should know to be – or based on the circumstances should reasonably have known to be – mentally or physically incapacitated (by alcohol or other drug use, unconsciousness or blackout), constitutes a violation of this policy. This policy also covers a person whose incapacity results from mental disability, sleep, involuntary physical restraint, or from taking rape drugs. Possession, use and/or distribution of any of these substances, including, but not limited to Rohypnol, Ketamine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student is a violation of this policy.

Definition Of Consent

Consent is clear, knowing and voluntary. Consent is active, not passive. Silence cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of sexual activity). Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Previous relationship or prior consent cannot imply consent to future acts. In order to give effective consent, one must be of legal age.

If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim will be treated as the alleged victim for the purpose of this policy. **The term "crime of violence" means -(a) an offense that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or(b) any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense. SEXUAL HARASSMENT POLICY

Viterbo University is committed to maintaining a learning and working environment which respects the dignity of all individuals, and is free from sexual harassment. Accordingly, Viterbo University will not tolerate the sexual harassment of one member of the university community by another, or by external parties/individuals providing services to Viterbo University. The university community subject to this prohibition includes faculty, administrators, staff, and students.

Definition

Sexual harassment takes two forms under the law: (1) *Quid pro quo* or (2) hostile atmosphere.

Quid pro quo harassment occurs where an individual retaliates against another for submitting to, or refusing to submit to, sexual harassment. This refusal may include refusing sexual advances, rejecting physical contact, or denying requests for sexual favors. The retaliatory action may include the denial of a promotion, the levying of discipline, lowering of a student grade, or termination of employment. *Quid pro quo* harassment also occurs where submission to sexual harassment is proffered as a condition for favorable treatment. This favorable treatment may include promotion, wage advance, or academic advancement.

Hostile atmosphere is the other form of sexual harassment. An individual's conduct, whether intentional or unintentional, may create a hostile, intimidating, or offensive learning and working environment for others. This hostile environment may be created by repeated and unwelcome sexual advances or requests for sexual favors. Also, unwelcome verbal or physical conduct of a sexual nature may create a hostile atmosphere. Such conduct includes, for example, unsolicited gestures or comments of a sexual nature, display of offensive, sexually graphic materials, or physical conduct of a sexual nature.

Sexual harassment may originate from faculty, administrators, staff or students. Also, sexual harassment may originate from external parties/individuals providing services to Viterbo University. Harassment can occur if the offending individual is the same gender as the individual being harassed. If an individual is offended by witnessing the harassment of another individual, a harassment complaint may still be filed even though the harassment is not directly aimed at the individual witnessing the harassment.

As defined above, sexual harassment is a specific form of discrimination in which the power differential inherent in the relationship between a student and teacher or supervisor and subordinate is exploited. However, this policy also recognizes that sexual harassment may occur between individuals who have similar status at Viterbo University, such as student-student or faculty-faculty.

Consenting sexual relationships between faculty and student or supervisor and subordinate often present the most difficult cases of sexual harassment. The power differential between these two groups can cast serious doubt on whether the relationship is consensual. Also, the relationship can easily turn the learning or working environment into a hostile one for the complainant. The purpose behind this policy is to free the working and learning environment from such damaging interference. If the University learns of such a relationship between a supervisor and subordinate, steps will be taken to alter the reporting structure.

Complaint Resolution

The primary goal of the sexual harassment policy is to prevent objectionable behavior or stop it whenever it occurs. No member of the community will be retaliated against for making a sexual harassment complaint.

Incidents of a student harassing another student are in violation of the *Code of Student Conduct* and should be reported to the Vice President for Student Development. An investigation of the harassment complaint will be conducted in accordance with the *Code of Student Conduct*.

Any member of the community who believes he or she has been sexually harassed by an employee should, if possible, tell the individual harassing him/her that the behavior is offensive and must stop, and should also report the harassment to the Vice President for Academic Affairs, Human Resource Director, or the Vice President of Finance and Administration as soon as possible. Any member of the community who becomes aware of a sexual harassment incident by an employee should report the incident to the Vice President for Academic Affairs, Human Resource Director, or the Vice President of Finance and Administration as soon as possible. Timely reporting of incidents will ensure efficient resolution.

The Vice President for Academic Affairs, Human Resource Director or the Vice President of Finance and Administration will conduct an investigation of the harassment complaint. The complainant will prepare a written complaint describing the incident as completely as possible, and provide the written complaint to the Vice President for Academic Affairs, Human Resource Director, or the Vice President of Finance and Administration. To the extent possible, the investigation will remain confidential, considering the complainant's right of privacy, the need to be fair to the respondent by notifying the respondent of the complaint, and the need to gather information regarding the incident. Investigation of the complaint may require the interviewing of members of the university community who may have witnessed the incident, or who may have information regarding the incident, as well as review of relevant data or documents. The investigation will be conducted expeditiously, but in a manner consistent with the complexity and severity of the matter. The Vice President for Academic

Affairs, Human Resource Director or the Vice President of Finance and Administration will maintain a written record of the complaint and resolution process.

If there is a finding that sexual harassment has occurred, the offending individual will be subject to an appropriate penalty. The penalty will depend on the severity, frequency, or repetition of the harassment. If the matter involves an employee, discipline, ranging from reprimand to discharge, may be given. If the matter involves a student, discipline, ranging from reprimand to administrative withdrawal, may be given. The complainant will be notified of the results of the investigation and the resolution of the complaint.

If the investigation of the complaint shows that the complainant made a false complaint, Viterbo University may discipline the complainant for making such a false complaint. If the matter involves an employee, discipline, ranging from reprimand to discharge, may be given. If the matter involves a student, discipline, ranging from reprimand to administrative withdrawal, may be given. A false complaint is one where there is absolutely no basis for the complaint or the complaint was motivated by malice toward the respondent.

In addition to the complaint resolution procedures described above, the complainant may also file a charge with an appropriate external agency (e.g. Equal Employment Opportunity Commission, Wisconsin Equal Rights Division).

SEXUAL OFFENDER REGISTRATION

A list of registered sex offenders who are students or employees of Viterbo University will be made available to view upon request at the office of the Vice President for Student Development in the Student Development Center. In addition, a list of all registered sex offenders in Wisconsin is available from the Wisconsin Department of Corrections at <http://offender.doc.state.wi.us/public/>. Any Viterbo employee or student who is required by law to register as a sex offender is expected to comply with all reporting and registration requirements under applicable state and federal laws. Individuals are expected to self report to the Vice President for Student Development.

POLICY ON ALCOHOL, TOBACCO AND OTHER DRUGS

Individuals who violate university policy, local, state or federal regulations are subject to arrest and/or disciplinary sanctions including, but not limited to, required assessment, treatment, restrictions or expulsion.

Smoking And Tobacco Policy

Viterbo University works to help ensure a healthy campus environment by prohibiting the use, sale, advertisement and distribution of tobacco products (i.e., cigarettes, chewing tobacco, cigars, etc.) in University facilities, on University grounds, at University-sponsored events, and in University vehicles. 1. Area designated by signage on the east side of the Fine Arts Center courtyard.

 - a. Alcohol and/or other drug intoxication regardless of age. Indicators of alcohol and/or other drug intoxication may be

b. Inability to exercise care for one's own safety and/or the safety of others due to intoxication.

c. Behavior that encourages or contributes to excessive alcohol consumption by any student.

If an individual or group exhibits alcohol and/or drug intoxication and unruly behavior, the individual and/or group may be sanctioned for both the intoxication and the disruptive behavior.

8. No large quantities of alcohol will be permitted in university housing facilities or on travel associated with the university. Providing large quantities of alcohol to others puts the community and its members at risk.

12. The possession or use of alcohol paraphernalia, tobacco paraphernalia or drug paraphernalia is prohibited in campus housing. For the purpose of this policy, paraphernalia is defined as items typically used to dispense alcohol, or to dispense or ingest tobacco or illegal drugs (i.e. bongos/funnels, hookahs, kegs, roach clips, shot glasses, etc.).

13. Any person found in violation of these policies will have alcohol and/or drugs plus and related paraphernalia confiscated. Such confiscated items will not be returned.

14. Alcoholic beverages are not permitted at events planned for students and/or students' families (such as athletic team banquets, club parties/dances, receptions associated with student art shows and/or student recitals, and events planned for adult learning, graduate, and/or non-traditional students, etc.) unless approved by the Director of The Fine Arts Center and/or the Vice President for Student Development. In addition, all Viterbo student athletes regardless of age are required:

1. To refrain from the consumption of alcoholic beverages for 48 hours prior to any University-sponsored competitive event.

2. To report their own on-and off-campus alcohol or drug violations to the team coach and the Director of Athletics. Typically, these sanctions are imposed by the team coach and the Director of Athletics in addition to the sanctions imposed by University personnel responsible for the enforcement of the Code of Student Conduct. These sanctions may carry forward to the following year.

a. First Violation – Suspended 10 percent of team's NAIA allowable contests or dates.

b. Second Violation – Suspended an additional 20 percent of team's NAIA allowable contests or dates.

c. Third Violation – Suspended one calendar year of athletics competition.

d. Fourth Violation – Permanently suspended from all further athletic participation at Viterbo University.

Medical Emergencies: Alcohol and drug consumption can result in a medical emergency. Students and staff should request help with such an emergency immediately by visiting a hospital emergency room or by contacting 911, Campus Safety, Health Services or a member of the Residence Life staff.

Good Samaritan Guidelines: Each member of the campus community is encouraged to immediately seek help from a Resident Assistant,

Campus Safety or a local hospital emergency room for students whose health and well-being may be at risk due to consumption of alcohol and/or drugs. Helping a student in need will always be viewed favorably in any follow up to an incident, including those incidents where the “Good Samaritan” and/or person in need of emergency assistance may have violated university policy.

Self-Help Guidelines: When a student recognizes that she or he has difficulty with substance abuse and agrees to voluntary withdrawal to participate in a comprehensive substance abuse treatment program at his or her own expense, penalties incurred for disruptive behavior resulting from the use of alcohol or a controlled substance may be waived.

SANCTIONS

Viterbo University Sanctions: Disciplinary sanctions for violation of University regulations may include warning, disciplinary probation, discretionary or educational assignments, fines, parental notification, referrals, restitution, restrictions or loss of privileges, residence unit suspension, residence unit expulsion, temporary suspension, suspension from the University, or expulsion from the University. Under federal law, the University may notify the parents of alcohol and drug violations if the student is under the age of 21 at the time of notification.

While the sanction(s) imposed depend upon the severity of the offense and the history of offenses (if any), disciplinary measures typically follow this pattern.

1. First Offense – \$75 Fine and a mandatory education program. Parental notification for students under the age of 21 is possible.
2. Second Offense – \$150 Fine, discretionary assignment, payment for and completion of and compliance with a chemical dependency assessment, and/or candidate for residence unit expulsion. Parents may be notified if a student has not yet reached 21 years of age.
3. Third Offense – \$225 Fine, discretionary assignment, payment for and completion of and compliance with a chemical dependency assessment, and/or candidate for residence unit expulsion. Parents may be notified if a student has not yet reached 21 years of age.

Illegal substances including marijuana, THC, hashish and synthetic derivatives are prohibited in university facilities, on university property and/or at university-sponsored events. Any student found responsible for use or possession of using marijuana or another illegal substance may face possible criminal charges. Violations of the drug policy may result in disciplinary action. In addition, the university may require a student who possesses or uses illicit drugs or is found with drug paraphernalia to participate in an approved drug rehabilitation program (at the expense of the student) and to provide the university satisfactory evidence of successful completion of the program and of being drug free.

When it is not possible to determine who within a group of students is responsible for the use, possession, manufacture, sale or distribution of drugs, responsibility for the offense will fall on the occupant in whose room, vehicle or social gathering the violation occurs unless another individual within the group accepts responsibility. While the sanctions imposed depend upon the severity of the marijuana or other drug

offense and the history of offenses (if any), disciplinary measures typically follow this pattern:

1. First Offense – a \$100 minimum penalty, a mandatory education program, and a warning that another violation may result in suspension or eviction from university housing facilities. Parental/guardian notification is possible.
2. Second Offense – a \$200 penalty, a mandatory alcohol and drug assessment, compliance with treatment outlined in the assessment (if any), and a warning of probable suspension or eviction from university housing facilities with another violation. Parental/ guardian notification is possible.
3. Third Offense – \$300 penalty and referral to Director of Residence Life for additional penalties which may include suspension or removal from housing facilities. Parental/ guardian notification is possible.

Community Sanctions: Viterbo students are subject to sanctions imposed by officials in their local and/or home communities as well as those imposed by the University. Fines typically imposed on those found to be drinking alcoholic beverages under the age of 21 are shown below. Sanctions usually involve payment for and the completion of an alcohol assessment in addition to the prescribed fines.

Underage Possession or Consumption

First Offense	Second Offense	Third Offense
\$240 Fine	\$397.50 Fine	\$555 Fine (\$681 – 4thOffense, \$807 for 5th and up offense)

The Uniform Controlled Substances Act, Chapter 961, of the Wisconsin Statutes regulates controlled substances and details the penalties for violations. An individual convicted for first-time possession of a controlled substance may receive a sentence of up to \$5,000 and one year in prison. A person convicted for manufacturing, delivering or possessing a controlled substance with the intent to manufacture or deliver may be imprisoned for up to 30 years and be fined up to \$100,000.

Federal Legal Sanctions for other drug violations include imprisonment for up to six (6) years for possession of a small amount including less than 250 grams of marijuana. Possession of more than five (5) grams of cocaine with the intent to deliver may result in the penalty of 10 to 16 years imprisonment. A life sentence may be the result of conviction of possession of a controlled substance that results in bodily injury or death. Other sanctions for possession of a controlled substance include fines up to \$ 250,000, forfeiture of property, confiscation of property, community service, denial of federal benefits including student loans and financial aid, fines, imprisonment, mandatory assessment, suspension of driver’s license, and/or probation. The severity of the disciplinary action depends upon the amount and type of controlled substance, the number of previous offenses, and the site and nature of the criminal activity.

Drug-Free Workplace Policy Statement

Viterbo University is committed to maintaining a drug-free workplace in compliance with applicable state and federal laws. The unlawful possession, use, distribution, dispensation, sale or manufacture of controlled substances is prohibited on University premises and at University work sites. Use of alcoholic beverages at University events is prohibited except when approved by the President.

Employee violation of this policy may be cause for action including, but not limited to, referral to the appropriate agency or agencies for evaluation and to determine the appropriate treatment or rehabilitation, participation in a drug rehabilitation program, separation from University duty, termination of employment, and/or referral for prosecution. Participation in a treatment program will not affect future employment or career advancement, nor will participation protect employees from disciplinary action for substandard job performance. Students who violate this policy will be governed by the University’s Code of Student Conduct and subject to disciplinary action up to and including suspension, expulsion and referral for prosecution.

Under the requirements of the Drug Free Workplace Act of 1988, an employee who is convicted of any criminal drug offense must notify his or her supervisor within 5 days. When notified of an employee conviction for an offense occurring in the workplace by an employee working on a federal grant or contract, the University will inform the granting or contracting federal agency within 10 days.

Health Risks Associated With Use Of Drugs And Alcohol

This is a partial list of drugs and the results of their usage. The evidence is clear that alcohol and drugs are harmful to one’s health and one’s learning environment. Drugs can obstruct learning processes and cause disruption for the user and others. Early diagnosis of and treatment for alcohol and drug abuse is in the best interest of the student and the campus community.

Alcohol

- Is a mind-altering drug because it contains ethanol and the chemical ability to depress the nervous system.

- As a depressant, alcohol affects motor coordination, speech and vision even at low levels of blood alcohol.
- Great amounts can affect respiration and heart rate. Death may result when blood alcohol exceeds 0.40 %.
- Prolonged use can lead to alcoholism, malnutrition, cirrhosis, and increased risk of cancer of the esophagus, stomach, pancreas, liver and heart.

Tobacco

- Smoking is addictive and is the cause of bad breath, yellowed fingers, foul smelling clothing, shortness of breath, and decreased athletic performance.
- Smoking is associated with coronary heart disease, stroke, ulcers, respiratory infections, lung cancer (as well as cancer of the larynx, esophagus, pancreas, stomach and uterine cervix), bronchitis, emphysema, early menopause and stillborn and premature children. Tobacco causes 30% of all cancer deaths. One in three smokers will die prematurely from tobacco use.
- Exposure to secondhand smoke causes respiratory diseases in children, including pneumonia, asthma exacerbation, and middle ear infections.
- Smokeless tobacco is the cause of addiction to nicotine, bad breath, unhealthy eating habits, stained teeth, inflamed gums, receding gums leading to tooth loss, tooth decay, frequent sores and precancerous patches in the mouth.

Marijuana and Hashish

- Are harmful to health and impair short-term memory and the comprehension of the user.
- Alter the sense of time and reduce the ability to perform tasks requiring concentration and coordination.
- Increases heart rate and appetite. Users risk chronic bronchitis, lung cancer, paranoia and psychosis.
- Cannabis products are usually inhaled as unfiltered smoke and have more cancer causing agents than tobacco.

Methamphetamine – Meth, Crank, Crystal and Speed

- Is a powerfully addictive central nervous system stimulant.
- Immediate effects may be agitation or violent behavior, insomnia, decreased appetite, irritability, anxiety, nervousness, convulsions or heart attack.
- Chronic use can cause paranoia, hallucinations, repetitive behavior, delusions of parasites crawling under skin, psychosis, aggressive behavior, stroke and death.

Cocaine or Crack

- Stimulate the central nervous system and are extremely and rapidly addictive.
- Can cause physical and psychological dependency that may lead to dilated pupils, increased pulse rate, elevated blood pressure, insomnia, loss of appetite, paranoia and seizures.
- Can cause death by disturbing the brain's ability to control heart functions and respiration.

Ecstasy

- Is a stimulant and a hallucinogen.
- Side effects include memory or coordination loss, dizziness, fainting, depression, sleep problems, chills or sweating, slurred speech, dehydration, hypertension, loss of control over voluntary body movements, tremors, reduced appetite, kidney failure, heart attack, stroke, seizure, an increase in body temperature.
- Ecstasy use can be fatal, especially when combined with alcohol and other drugs.

Hallucinogens – LSD, PCP, Mescaline, Psilocybin and Peyote

- Interrupt brain messages that control the intellect and keep instincts in check.
- Because the brain's pain sensors are stopped, hallucinogens may result in self-inflicted injury.
- Large doses can cause convulsions, coma and death.
- Prolonged users report memory and speech difficulties up to a year after usage.

Inhalants – Gas, Aerosols, Glue, Nitrates, White-Out

- Use of inhalants is a very high risk activity.
- Permanent brain, liver and kidney damage, bronchitis, heart arrhythmia, seizures, coma and death can occur even with the first usage.

Narcotics

- Drugs such as morphine, codeine or heroin, are very addictive. Their usage leads to loss of appetite, extreme drowsiness, mental impairment and slowing of reflexes.
- An overdose of narcotics may lead to convulsions, coma or death.

Steroids

- Steroids are injected or taken orally. Some common names of steroids are testosterone, nandrolone and oxymetholone.
- Use of steroids is associated with liver disease, cancer, growth problems, bone fusion, sexual dysfunction and aggressive behavior.

Stimulants and Amphetamine

- Can have the same effect as cocaine and cause increased heart rate and blood pressure that can result in a stroke or heart failure.
- Symptoms include dizziness, sleeplessness and anxiety.
- Use can also lead to psychosis, hallucinations, paranoia, and even physical collapse.

2011 MANDATORY SUPERVISED FIRE DRILLS

Three fire drills are conducted annually at Viterbo. In 2011, one all-campus fire drill was conducted in the fall semester for all main campus buildings including housing facilities. Also in 2011, two fire drills were conducted in on-campus housing facilities including residence halls, apartments and theme houses – one in the fall semester during evening hours and another in spring semester during evening hours.

PROCEDURES FOR STUDENT HOUSING EVACUATION IN CASE OF A FIRE

1. Each floor has 2 emergency evacuation maps posted on the end of each hallway, to direct occupants to primary and secondary exits.
2. When the building fire alarm is activated, residents are expected to:
 - A. Exit the building, closing the room door on the way out.
 - B. Use the stairs, not elevators. Once in the stairwell, do not re-enter the building. Use the fire exit door at the bottom of the stair that goes directly to the outside.
 - C. Once outside, go to the Assembly Area for the building and wait for instructions from university officials or emergency management personnel.
 - D. Campus Safety or Residence Life staff will call 911.
3. Residents who see fire or smoke are expected to pull the nearest building fire alarm and evacuate the building as described above. Residents with information about a fire or who are trapped will call 911. All fires, even those found extinguished, are to be reported.

Other Viterbo Fire Safety Policies

Campus Safety works to provide faculty, staff, students and visitors with the safe environment, free of potential fire hazards. The primary goal of the university's fire prevention program is to recognize hazardous conditions and take appropriate action before such conditions result in a fire emergency. Campus Safety works to achieve this goal by:

1. Adhering to recommendations from risk management consortia conducting third party fire safety audits
