2015 ANNUAL SECURITY REPORT

INTRODUCTION

The Annual Security Report includes statistics for the most recent three-year period concerning reported crimes that occurred on campus; in certain off-campus building or properties owned or controlled by Viterbo; and on public property within, or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning alcohol and drug use, crime prevention, reporting of crimes, sexual misconduct, and safety and security matters. The Fire Safety Report outlines fire safety practices, standards, and all fire related statistics for oncampus residential facilities. In compliance with the U.S. Department of Education requirements, colleges and universities that participate in federal student financial assistance programs must publish an Annual Security Report each year by October 1st.

To request a paper copy of the report or for more information, contact the Director of Campus Safety or the Vice President for Student Development. The Annual Security and Fire Safety Report is also available on the Viterbo University web site.

Viterbo University faculty, staff, students, and visitors are encouraged to report all crimes and public safety-related incidents or emergencies in a timely manner. This allows Campus Safety to evaluate and improve methods for security and patrolling in an effort to increase effectiveness. Examples of reportable incidents include:

- Any suspicious activity or person seen on or loitering around campus, in or near the residence halls, apartments or theme house, or in the parking lots should be reported to Campus Safety.
- All campus community members with reasonable suspicion that a person or situation may lead to a breach of security are expected to report such incidents. (Examples that warrant reasonable suspicion: an unescorted guest in the residence halls; doors propped open with rocks, sticks, or similar devices; unauthorized personnel working on windows, doors or other Physical Plant areas; unauthorized individuals entering or using university equipment, offices, or rooms.)

REPORTING CRIMES ON AN ANONYMOUS BASIS

If you have experienced or have knowledge of certain crimes and do not want to pursue action within the university system or local criminal justice system, you may want to consider making an anonymous report. The Director of Campus Safety can write a report on the details of an incident without revealing your identity. Crimes can be reported privately in person, by telephone at 608-796-3913, or by email to lajosvai@viterbo.edu. The purpose of an anonymous or private report is to comply with your wish to keep the matter private, while taking steps to ensure the future safety of yourself and others. With such information, the university can keep an accurate record of the number of incidents involving students, determine if there is a pattern of crime in regard to a particular location, method, or assailant, and alert the campus community of potential danger. Anonymous reports are counted and disclosed in the annual crime statistics for the university.

VITERBO CAMPUS SAFETY

Response time may be affected by various factors, such as the number and location of available personnel and/or their involvement at the time.

RESPONSIBILITIES OF CAMPUS SAFETY PERSONNEL

Security officers are trained to handle a variety of calls and complaints from the Viterbo University community. Security officers have the authority to ask individuals for identification, to determine whether those persons have lawful business on campus and to issue parking tickets billed through the Business Office. They are not police officers nor do they possess the power to arrest. If a situation arises which a security officers cannot handle, the proper authorities will be contacted. Campus Safety maintains an ongoing working relationship with the La Crosse Police Department and the La Crosse County Sheriff's Department.

Per Mar/Viterbo Security provides services in compliance with Viterbo polices. Per Mar officers are licensed as private security and are trained to provide security for private companies and institutions. Per Mar employees are not deputized law enforcement officers, and do not have the arresting authority of a police officer. They can, however, legally detain an individual. Their functions include: protecting campus community members and visitors; assisting visitors and serving as concerned public relations representatives; limiting access to those who are authorized; serving as a deterrent to persons intent on committing criminal acts, including vandalism; watching for use of illegal drugs and consumption of alcohol; protecting proprietary information; monitoring materials leaving the facilities and helping to ensure that company property does not leave without proper authorization; and spotting and reporting potential hazards. In addition, Per Mar Security may be called to assess the severity of a physical or mental health situation and call for transportation to a local healthcare provider, if necessary.

Serious criminal incidents are referred to the local police who have jurisdiction on campus. Campus Safety maintains a highly professional, ongoing working relationship with the La Crosse Police Department (LCPD) and the La Crosse County Sheriff's Department. These organizations share information and the LCPD assists Viterbo Campus Safety frequently with information and services. The LCPD assigns a community liaison to the Viterbo University campus, and there are two LCPD officers assigned to the Washburn neighborhood. The university and the LCPD also collaborate on a new student orientation program. Both organizations, Viterbo and LCPD, hold seats on the Tri-Campus Community Advocacy Group for reduction of overconsumption of alcohol. Viterbo also assists the LCPD by providing volunteers for the Third Street Aid Station during Oktoberfest. The LCPD sends reports of off-campus alcohol offenses to the university. A memorandum of understanding designates the La Crosse Police Department as the law enforcement agency responsible for response to, and investigation of, criminal activity on the Viterbo University campus.

While Viterbo Campus Safety personnel (including those through Per Mar Security Services) may assist occasionally with an off-campus incident or assist students requesting Safe Walk services or emergency services, the authority and jurisdiction of Campus Safety limited to the Viterbo campus property between 7th and 10th Streets and Market and Jackson Streets in La Crosse, Wisconsin, and at the Outdoor Athletic Complex at N3175 State Road 16, La Crosse, Wisconsin. The addresses of the buildings on the campus property in La Crosse, Wisconsin, are shown under the Definitions of Locations section of this report.

PASTORAL AND PROFESSIONAL COUNSELORS REPORTING REQUIREMENTS

The US Department of Education stipulates in The Handbook for Campus Safety and Security Reporting that campus "pastoral counselors" and campus "professional counselors," when acting as such are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

At Viterbo, the Pastoral Counselor is the University Chaplain. The Professional Counselor is the Director of Counseling Services. The Director of Counseling Services and the University Chaplain may inform their clients of the procedures to report crime to Viterbo Campus Safety or the La Crosse Police Department on a voluntary basis. At Viterbo, the Director of Health Services also follows the same procedure.

BUILDING ACCESS

During business hours, the university will be open to students, employees, guests, and vendors. During non-business hours and during periods of extended closing, access to all university facilities is by key or card, if issued, or through Campus Safety, Physical Plant, or Residence Life.

Residence halls and apartments are secure 24 hours a day. Some facilities may have individual hours, which may vary at different times of the year (i.e., Fine Arts Center, library, Mathy Center, Outdoor Athletics Complex, Student Union, and Varsity Athletics Center). These facilities will be secured according to the schedules developed by the administrative staff responsible for the facility. Emergencies or unusual circumstances may necessitate changes to the posted schedules.

Viterbo has no off-campus location of student organizations officially recognized by the university (i.e., sororities, fraternities, etc.).

SAFETY CONSIDERATIONS UTILIZED IN MAINTENANCE OF CAMPUS FACILITIES

EMERGENCY NOTIFICATION PROCEDURES

1. Officials at Viterbo University will issue emergency notification when an incident reported to or brought to the attention of Campus Safety, law enforcement, or other offices poses a serious and/or ongoing threat to the safety of members of the campus community.
2. The process of issuing an emergency notification begins by confirming there is a significant emergency or dangerous situation. Typically Campus Safety personnel, the Vice President of Student Development and/or the Vice President of Communications and Marketing verify information and the existence of a significant emergency or dangerous situation. This occurs by gathering information from firsthand accounts, incident reports, alarm systems, security officers, Residence Life Community Coordinators, police officers, media accounts, weather reports, and/or web information. In some locations, cameras can be reviewed in the event of an emergency or dangerous situation, etc.
3. The decision to issue an emergency notification will be made on a case by case basis in light of the known facts surrounding the incident, including factors such as the nature of the incident, the continuing danger to the campus community, the risk of compromising law enforcement efforts, etc. The decision to issue an emergency notification is typically made jointly by two of the following university officials. 3. Anyone with information believed to warrant a timely warning should promptly report the information to Campus Safety. Campus Safety will consult, as appropriate and necessary, with other university officials regarding whether a timely warning should be issued. The decision to issue a timely warning shall be made on a case-by-case basis after consideration of the available facts, including factors such as the nature of the crime, the continuing danger or risk to the campus community, and the possible risk of compromising law enforcement efforts.

MISSING STUDENT NOTIFICATION POLICY

This policy is established in compliance with the Higher Education Opportunity Act of 2008 which requires that post-secondary institutions with on-campus housing establish a missing student notification policy and procedures. Campus Safety and other university officials will actively investigate any report of a missing student who is enrolled at Viterbo and is living in Viterbo housing facilities (i.e., Bonaventure Hall, Canticle House, Clare Apartments, Marian Hall, McDonald Terrace, Rose Terrace, Treacy House, and the theme house).

2. Upon receiving the report, Campus Safety and/or other appropriate personnel will make reasonable efforts to investigate the report and locate the student to determine his or her health, well-being and safety. Efforts may include, but are not limited to, any one or more of these actions: (a) attempting contact by phone, email, etc., (b) checking resident student's room, (c) checking ID card access points, (d) contacting roommates, friends, family, etc., to determine possible location and/or companion(s), (e) reviewing class schedule, (f) contacting instructors, coach, etc., (g) obtaining description of student and apparel, (h) obtaining vehicle description and license number, and (i) searching facilities and/or parking lots. The university reserves the right to contact family members or emergency contacts as a part of the investigation and to help determine the whereabouts of the student.
3. All students residing in Viterbo housing facilities are required to provide the Office of Residence Life with the names and phone numbers of a primary and secondary contact to be notified in the event of an emergency, such as the student is reported missing. In the event that the resident is under the age of 18 or is not yet emancipated, the university is required to have the primary emergency contact be a custodial parent or guardian.
4. The university will follow this notification procedure for a missing student who resides in on-campus housing.

Under federal law, the University may notify the parents of alcohol and drug violations if the student is under the age of 21 at the time of the notification. While the sanction(s) imposed depend upon the severity of the offense and the history of offenses (if any), disciplinary sanctions typically follow this pattern.

Any student found responsible for use or possession of using marijuana or other illegal substance may face possible criminal charges.

Violations of the drug policy may result in disciplinary action. In addition, the university may require a student who possesses or uses illicit drugs or is found with drug paraphernalia to participate in an approved drug rehabilitation program (at the expense of the student) and to provide the university satisfactory evidence of successful completion of the program and of being drug free.

When it is not possible to determine who within a group of students is responsible for the use, possession, manufacture, sale or distribution of drugs, responsibility for the offense will fall on the occupant in whose room, vehicle or social gathering the violation occurs unless another individual within the group accepts responsibility. While the sanctions imposed depend upon the severity of the marijuana or other drug offense and the history of offenses (if any), disciplinary measures typically follow this pattern:

HEALTH RISKS ASSOCIATED WITH USE OF DRUGS AND ALCOHOL

This is a partial list of drugs and the results of their usage. The evidence is clear that alcohol and drugs are harmful to one's health and one's learning environment. Drugs can obstruct learning processes and cause disruption for the user and others. Early diagnosis of, and treatment for, alcohol and drug abuse is in the best interest of the student and the campus community.

<p><i>Alcohol</i></p> <ul style="list-style-type: none"> • It is a mind-altering drug because it contains ethanol and the chemical ability to depress the nervous system. • As a depressant, alcohol affects motor coordination, speech and vision even at low levels of blood alcohol. · Great amounts can affect respiration and heart rate. Death may result when blood alcohol exceeds 0.40%. • Prolonged use can lead to alcoholism, malnutrition, cirrhosis and increased risk of cancer of the esophagus, stomach, pancreas, liver and heart.
<p><i>Tobacco</i></p> <ul style="list-style-type: none"> • Smoking is addictive and is a cause of bad breath, yellowed fingers, foul-smelling clothing, shortness of breath, and decreased athletic performance. • Smoking is associated with coronary heart disease, stroke, ulcers, respiratory infections, lung cancer (as well as cancer of the larynx, esophagus, pancreas, stomach and uterine cervix), bronchitis, emphysema, early menopause and stillborn and premature children. Tobacco causes 30% of all cancer deaths. One in three smokers will die prematurely from tobacco use. • Exposure to secondhand smoke causes respiratory diseases in children, including pneumonia, asthma exacerbation, and middle ear infections. • Smokeless tobacco is a cause of addiction to nicotine, bad breath, unhealthy eating habits, stained teeth, inflamed gums, receding gums leading to tooth loss, tooth decay, frequent sores and precancerous patches in the mouth.

<p><i>Marijuana and Hashish</i></p> <ul style="list-style-type: none"> • Are harmful to health and impair short-term memory and the comprehension of the user. • Alter the sense of time and reduce the ability to perform tasks requiring concentration and coordination. Increases heart rate and appetite. Users risk chronic bronchitis, lung cancer, paranoia and psychosis. • Cannabis products are usually inhaled as unfiltered smoke and have more cancer-causing agents than tobacco.
<p><i>Methamphetamine- Meth, Crank, Crystal and Speed</i></p> <ul style="list-style-type: none"> • Is a powerfully addictive central nervous system stimulant. • Immediate effects may be agitation or violent behavior, insomnia, decreased appetite, irritability, anxiety, nervousness, convulsions or heart attack. • Chronic use can cause paranoia, hallucinations, repetitive behavior, delusions of parasites crawling under skin, psychosis, aggressive behavior, stroke and death.
<p><i>Cocaine or Crack</i></p> <ul style="list-style-type: none"> • Stimulate the central nervous system and are extremely and rapidly addictive. • Can cause physical and psychological dependency that may lead to dilated pupils, increased pulse rate, elevated blood pressure, insomnia, loss of appetite, paranoia and seizures. • Can cause death by disturbing the brain's ability to control heart functions and respiration.
<p><i>Ecstasy</i></p> <ul style="list-style-type: none"> • Is a stimulant and hallucinogen. • Side effects include memory or coordination loss, dizziness, fainting, depression, sleep problems, chills or sweating, slurred speech, dehydration, hypertension, loss of control over voluntary body movements, tremors, reduced appetite, kidney failure, heart attack, stroke, seizure, and increase in body temperature. • Ecstasy use can be fatal, especially when combined with alcohol and other drugs.
<p><i>Hallucinogens- LSD, PCP, Mescaline, Psilocybin and Peyote</i></p> <ul style="list-style-type: none"> • Interrupt brain messages that control the intellect and keep instincts in check. • Because the brain's pain sensors are stopped, hallucinogens may result in self-inflicted injury. • Large doses can cause convulsions, coma and death. • Prolonged users report memory and speech difficulties up to a year after usage.
<p><i>Inhalants- Gas, Aerosols, Glue, Nitrates, White-Out</i></p> <p>Use of inhalants is a very high risk activity.</p> <ul style="list-style-type: none"> • Permanent brain, liver and kidney damage, bronchitis, heart arrhythmia, seizures, coma and death can occur even with the first usage.
<p><i>Narcotics</i></p> <ul style="list-style-type: none"> • Drugs such as morphine, codeine or heroin are very addictive. Their usage leads to loss of appetite, extreme drowsiness, mental impairments and slowing of reflexes. • An overdose of narcotics may lead to convulsions, coma or death.
<p><i>Steroids</i></p> <ul style="list-style-type: none"> • Steroids are injected or taken orally. Some common names of steroids are testosterone, nandrolone and oxymetholone, • Use of steroids is associated with liver disease, cancer, growth problems, bone fusion, sexual dysfunction and aggressive behavior
<p><i>Stimulants and Amphetamine</i></p> <ul style="list-style-type: none"> • Can have the same effect as cocaine and cause increased heart rate and blood pressure that can result in a stroke or heart failure. • Symptoms include dizziness, sleeplessness and anxiety. • Use can also lead to psychosis, hallucinations, paranoia, and even physical collapse.

**PREVENTING AND RESPONDING TO SEX
DISCRIMINATION, SEXUAL HARASSMENT, AND
SEXUAL MISCONDUCT**

SEXUAL DISCRIMINATION, SEXUAL HARASSMENT, AND SEXUAL MISCONDUCT POLICY STATEMENT

Viterbo University is committed to establishing and maintaining an environment free from all forms of harassment and discrimination. The University does not discriminate on the basis of age, creed, color, disability, gender, gender identity, marital status, national and ethnic origin, race, religion, sexual orientation, veteran status, or any other protected class in administration of its educational policies, financial aid program, academic, athletics, admissions, employment, and all other programs.

The University does not discriminate on the basis of sex in its educational, extracurricular, athletic or other programs or in the context of employment. **Sexual harassment and sexual misconduct are forms of sex discrimination prohibited by Title IX of the Education Amendments of 1972**, a federal law which provides: *No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.* Sexual harassment is also prohibited under Title VII of the Civil Rights Act of 1964 and Wisconsin law.

Viterbo policy prohibits sexual harassment or misconduct against all Viterbo University community members of any gender, sexual orientation, gender identity, or gender expression. This policy also prohibits genderbased harassment that does not involve conduct of a sexual nature.

Offenders may be subject to appropriate campus adjudication processes, disciplinary action, and/or criminal proceedings. Viterbo utilizes procedures that provide prompt, fair, and impartial investigation and resolution in cases involving domestic violence, dating violence, sexual assault, and stalking. These procedures are carried out by officials who receive specific annual training.

Sexual violence is a form of sexual harassment and services are available to students, faculty, and staff who experience sexual violence, domestic violence, dating violence, and instances of stalking. In these situations, Viterbo is committed to providing crisis intervention measures for students, faculty, and staff, as well as appropriate administrative response for the complainant and respondent; referring individuals to criminal authorities; and educating and promoting discussion on interpersonal abuse and violence issues. The University's process does not preclude adjudication under state law.

Viterbo prohibits retaliation by its officers, employees, students, or agents against a person who exercises his or her rights or responsibilities under any provision federal or state law, including Title IX and the Violence Against Women Reauthorization Act (VAWA), or this policy.

DEFINITIONS OF PROHIBITED CONDUCT

Under Viterbo's Sexual Discrimination, Sexual Harassment, and Sexual Misconduct Policy the following conduct is prohibited. Prohibited sexual misconduct at Viterbo includes, but is not limited to dating violence, domestic violence, sexual assault, and stalking.

Coercion related to Sexual Misconduct or Relationship Violence: Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

Complicity related to Sexual Misconduct or Relationship Violence: The act of contributing to, assisting with, or facilitating behavior in violation of this Policy.

Consent in Romantic and/or Sexual Relationships of Unequal Status: Students, faculty and staff members should understand that "consensual sexual relationships," particularly those among persons of unequal status, may be or become a violation of this Policy. Anyone who engages in a sexual relationship with a person over whom he or she has any degree of power or authority must understand that the validity of the consent involved can and may be questioned.

Such a relationship may also be in violation of this University policy, Prohibition on Consensual Relationships with

Students: *Viterbo University seeks to maintain a professional and ethical educational environment. Actions of University employees (faculty members, including adjuncts, staff members, and administrators) that are unprofessional are inconsistent with the University's educational mission. A consensual dating or sexual relationship between any University employee and a student is deemed unprofessional and is therefore prohibited, unless the two persons are married. A violation of this policy may result in disciplinary action including dismissal for unprofessional conduct. In the event that a prohibited consensual relationship between an employee and a student is in existence at the time this policy is adopted, the employee must disclose the relationship to his/her supervisor or the Vice President for Academic Affairs and initiate arrangements to address any conflict of interest issues.* Approved 9/7/11.

Dating Violence: Dating violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the complainant; and where the existence of such a relationship shall be determined based on the reporting party's statement and a consideration of the following factors: the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Domestic Violence: Domestic violence includes, but is not limited to felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the complainant, by a person with whom the Complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws. While not exhaustive, the following are examples of conduct that can constitute domestic violence: (1) physical harm, bodily injury or assault; (2) the infliction of fear of imminent physical harm, bodily injury, or assault; or (3) terroristic threats, criminal sexual conduct, or interference with an emergency call.

False Reporting: False reporting and/or falsely accusing an individual of any of the behaviors prohibited by this policy is a serious violation of policy. Intentionally providing false and/or inaccurate information regarding an allegation of prohibited conduct under this policy is considered serious misconduct. Good faith reports for which a Respondent is not found to be responsible is not considered false reporting.

Force related to Sexual Misconduct or Relationship Violence: Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion to overcome resistance or produce consent. There is no requirement that a party resists the sexual advance or request, but resistance is a clear demonstration of non-consent. The presence of force is not demonstrated by the absence of resistance.

Gender-Based Harassment: Gender-based harassment is unwelcome conduct of a nonsexual nature based on an individual's actual or perceived sex, including conduct based on gender identity, gender expression, and nonconformity with gender stereotypes; sex-based harassment.

Hostile Environment Caused by Sexual Harassment: A hostile environment exists when sex-based harassment is sufficiently serious to deny or limit an individual's ability to participate in or benefit from the University's programs or activities.

1. A hostile environment can be created by anyone involved in a University's program or activity (e.g., employees, students, and campus visitors).
2. In determining whether sex-based harassment has created a hostile environment, the University considers the conduct in question from both a subjective and objective perspective. It will be necessary, but not enough, that the conduct was unwelcome to the individual who was harassed. The University will also need to find that a reasonable person in the individual's position would have perceived the conduct as undesirable or offensive in order for that conduct to create or contribute to a hostile environment.
3. To make the ultimate determination of whether a hostile environment exists for an individual(s), the University considers a variety of factors related to the severity, persistence, or pervasiveness of the sex-based harassment, including: (1) the type, frequency, and duration of the conduct; (2) the identity and relationships of persons involved; (3) the number of individuals involved; (4) the location of the conduct and the context in which it occurred; and, (5) the degree to which the conduct affected one or more individual's environment or education.
4. The more severe the sex-based harassment, the less need there is to show a repetitive series of incidents to find a hostile environment. Indeed, a single instance of sexual assault may be sufficient to create a hostile environment. Likewise, a series of incidents may be sufficient even if the sex-based harassment is not particularly severe.

Incapacitation related to Sexual Misconduct or Relationship Violence: Incapacitation includes sexual activity with someone who one should know to be—or based on the circumstances should reasonably have known to be—mentally or physically incapacitated (by alcohol or other drug use, unconsciousness, or blackout). The question of incapacitation is determined on a case-by-case basis that will include an analysis of whether the accused knew, or a sober, reasonable person in the position of the accused should have known, that the Complainant was incapacitated.

1. When alcohol or other drugs are being used, a person will be considered to be incapacitated and unable to give effective consent if they cannot fully understand the details of a sexual interaction (who, what, when, where, why, or how) because they lack the capacity to reasonably understand the situation.
2. Consumption of alcohol or drugs alone is insufficient to establish incapacitation.
3. Possession, use, and/or distribution of any of these substances, including but not limited to, Rohypnl, Ketamine, GHB, etc., is prohibited, and administering one of these drugs to another person is a violation of this policy. More information on these drugs can be found at [http:// www.911rape.org](http://www.911rape.org).

Intimidation related to Sexual Misconduct or Relationship Violence: Intimidation is implied threats or acts that cause an unreasonable fear of physical or emotional harm to another person. **Relationship Violence:** Refers to domestic violence and/or dating violence.

Retaliation: Retaliation means adverse action taken against an individual for making a good faith report of a violation of this Policy, for supporting another person's report, or participating in an investigation or other proceedings based on the report.

Sex Discrimination: Sex discrimination is conduct based upon an individual's sex that excludes an individual from participation, denies the individual the benefits of, treats the individual differently or otherwise adversely affects a term or condition of, an individual's employment, education, living environment or participation in a program or activity. Sex discrimination encompasses all forms of sexual harassment, sexual misconduct, differential treatment, and gender-based harassment.

Sex-based Harassment: Sex-based harassment includes sexual harassment and gender-based harassment. **Sexual Assault:** Sexual assault is actual or attempted sexual contact with another person without that person's consent. Sexual assault includes, but is not limited to:

1. Intentional touching of another person's intimate parts without that person's consent; or
2. Other intentional sexual contact with another person without that person's consent; or
3. Coercing, forcing, or attempting to coerce or force a person to touch another person's intimate parts without that person's consent; or
4. Rape, which is penetration, no matter how slight, of (1) the vagina or anus of a person by any body part of another person or by an object, or (2) the mouth of a person by a sex organ of another person, without that person's consent.

Sexual Harassment: Sexual harassment is unwelcome conduct of a sexual nature, including but not limited to unwelcome sexual advances; requests for sexual favors; or other verbal or nonverbal conduct of a sexual nature, including rape, sexual assault, and sexual exploitation. In addition, depending on the facts, dating violence, domestic violence, and stalking may also be forms of sexual harassment.

Sexual Exploitation: Sexual exploitation occurs when a person takes sexual advantage of another person for the benefit of anyone other than that person without that person's consent. Examples of behavior that could rise to the level of sexual exploitation include:

1. Prostituting another person;
2. Recording images (e.g., video, photograph) or audio of another person's sexual activity, intimate body parts, or nakedness without that person's consent;
3. Distributing images (e.g., video, photograph) or audio of another person's sexual activity, intimate body parts, or nakedness, if the individual distributing the images or audio knows or should have known that the person depicted in the images or audio did not consent to such disclosure and objects to such disclosure; and,
4. Viewing another person's sexual activity, intimate body parts, or nakedness in a place where that person would have a reasonable expectation of privacy, without that person's consent, and for the purpose of arousing or gratifying sexual desire.

Sexual Misconduct: Sexual misconduct is a severe form of sexual harassment and includes sexual exploitation, sexual assault or other sexual violence, domestic violence, dating violence, and stalking. Many types of sexual misconduct may include nonconsensual sexual contact, but nonconsensual sexual contact is not a necessary component.

Stalking: Stalking means engaging in conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or to suffer substantial emotional distress, and/or creates a hostile environment. Examples include acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. Stalking can be a form of sexual harassment. Stalking behavior includes, but is not limited to:

1. Repeated, unwanted, intrusive, or frightening communications by phone, mail, text, email and/or social media;
2. Repeatedly leaving or sending Complainant unwanted items, presents, or flowers;
3. Following or lying in wait for the Complainant at places such as home, school, work, or recreation place;
4. Making direct or indirect threats to harm the Complainant, the Complainant's children, relatives, friends, or pets;
5. Damaging or threatening to damage the Complainant's property;
6. Posting information or spreading rumors about the Complainant on the internet, in a Campus place, or by word of mouth; or
7. Unreasonably obtaining personal information about the Complainant by accessing Campus records, using internet search services, hiring private investigators, going through the Complainant's garbage, following the Complainant, contacting Complainant's friends, family, work, or neighbors, etc.

Unwelcome Conduct related Sexual Misconduct or Relationship Violence: Conduct of a sexual nature is considered unwelcome if the individual did not request or invite it and considered the conduct to be undesirable or offensive.

1. Unwelcome conduct may take various forms, including, name-calling, graphic or written statements (including the use of cell phones or the Internet), or other conduct that may be physically threatening, harmful, or humiliating. Unwelcome conduct does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Unwelcome conduct can involve persons of the same or opposite sex.
2. Participation in the conduct or the failure to complain does not always mean that the conduct was welcome. The fact that an individual may have welcomed some conduct does not necessarily mean that an individual welcomed other conduct. Also, the fact that an individual requested or invited conduct on one occasion does not mean that the conduct is welcome on a subsequent occasion.

DEFINITION OF CONSENT

Consent must be informed, voluntary, and mutual, and can be withdrawn at any time. There is no consent when there is force, expressed or implied, or when coercion, intimidation, threats, or duress is used. Whether a person has taken advantage of a position of influence over another person may be a factor in determining consent.

1. Silence or absence of resistance does not imply consent.
2. Past consent to sexual activity with another person does not imply ongoing future consent with that person or consent to that same sexual activity with another person.
3. If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes impairment or incapacitation due to alcohol or drug consumption that meets this standard, or being asleep or unconscious.

SEXUAL VIOLENCE RISK REDUCTION

Those who commit sexual violence are responsible for their actions. The following information is provided without minimizing the attacker's responsibility. These suggestions are provided to help reduce the risk of experiencing a non-consensual sexual act.

1. Have a group plan. Talk with your friends about your plans for the night BEFORE you go out. Do you feel like drinking? Are you interested in hooking up? Where do you want to go? Having a clear plan ahead of time helps friends look after one another.
2. Pre-plan and limit your alcohol intake or drug usage. Acknowledge that alcohol/drugs may lower sexual inhibitions and/or may increase vulnerability to another person who views an intoxicated person as a sexual opportunity.
3. Go out together. Go out as a group and come home as a group. Never separate and never leave your friend(s) behind. Being with others is a good idea when a situation looks dangerous.
4. Watch out for your friends and ask that they watch out for you. A real friend will challenge you if you are about to risk your safety. When this occurs, respect the friend trying to help you.
5. Watch out for others. If you are walking at night with friends and notice a woman walking by herself in the same direction, ask her to join you so she doesn't have to walk alone.
6. Diffuse situations. If you see a friend coming on too strong to someone who may be too intoxicated to make a consensual decision, interrupt, distract, or redirect the situation. If you are too embarrassed or shy to speak out, get someone else to step in. Call (911) or Campus Safety at 608-385-4872 or yell for help to draw attention to the situation.
7. Trust your instincts. If a situation or person doesn't seem "right" to you, trust your gut and remove yourself, if possible, from the situation.
8. Refuse to be a Bystander. Take action when you see risky behavior. If you see someone trying to lead an intoxicated person into a private room, or if you see someone providing another person with drinks, or acting in a sexually aggressive manner, find help and intervene. Also, pay attention to your friends so that you can help them if they are being targeted or are in a vulnerable situation. If you feel too threatened or too unsafe to intervene, then call 911.
9. If you have limits, make them know as early as possible. Tell a sexual aggressor "NO" clearly and firmly.
10. Try to remove yourself from the physical presence of a sexual aggressor.
11. Find someone nearby and ask for help.

You owe respect to a potential partner, if you are the initiator. These suggestions may help you to reduce your risk for being accused of sexual misconduct.

1. Clearly communicate your intentions to your sexual partner and give them a chance to clearly state their intentions to you.
2. Understand and respect personal boundaries.
3. Don't make assumptions about consent; about someone's sexual availability; about whether they are attracted to you; about how far you can go or about whether they are physically and/or mentally able to consent. If there are any questions or ambiguity then you DO NOT have consent.
4. Mixed messages from a partner or potential partner are a clear indication that you should stop, defuse any sexual tension and communicate better. You may be misreading the other. The other may not have determined the extent to which the interaction should continue. You must respect the other's timeline and level of comfort.
5. Do not take advantage of another's alcohol or drug intoxication, even if they chose to become intoxicated.
6. Realize that a potential partner could be intimidated by you, or fearful. You may have a power advantage based on your gender and size.
7. Understand that consent to some form of sexual behavior does not automatically imply consent to any other form(s) of sexual behavior.
8. Silence and passivity cannot be interpreted as an indication of consent. Ask. Read your partner or potential partner carefully and pay attention to verbal and non-verbal communication and body language.

SAFE AND POSITIVE OPTIONS FOR BYSTANDER INTERVENTION

Bystanders can play a critical role in the prevention of sexual assault, harassment, dating violence, or domestic violence. To achieve this, one can learn effective intervention. Intervening might be done through direct or indirect methods of active bystander intervention shown on the chart.

Direct Method of Active Bystander Intervention	Indirect Method of Active Bystander Intervention
<ol style="list-style-type: none"> 1. Say something directly to the person: <ol style="list-style-type: none"> a. “Are you okay?” b. “Can I call a cab?” c. “Who did you come here with? Let’s find your friends.” 2. Say something to the perpetrator. Let him or her know that you recognize what is taking place and you will not stand for it. <ol style="list-style-type: none"> a. “Is everything okay here?” b. “He/she is pretty drunk; you should probably just get the phone number and call him/her tomorrow.” c. “I don’t like what you just did/said.” d. “What you just said is not cool.” 3. Remove the person from the situation. 4. If you suspect, you or a friend has been drugged, call the police immediately and let someone in charge know like a bouncer, bartender, or manager. 5. Always make sure you are safe before intervening. 	<ol style="list-style-type: none"> 1. Don’t intervene, if you feel uncomfortable or unsafe, doing it. <ol style="list-style-type: none"> a. However you can enlist others to help you – the bouncer, bartender, other friends or bystanders, etc. b. Don’t be afraid to call the police or 911 if you feel like anyone is in immediate danger. 2. Distract the perpetrator. <ol style="list-style-type: none"> a. “Hey, Man, I think your car is being towed!” b. “Someone called the cops! We need to get out of here!” 3. Distract the person. <ol style="list-style-type: none"> a. Hey, will you come to the bathroom with me? b. “Can you help me find (enter mutual friend’s name).” c. “I think your friend is looking for you.” 4. Have a code word/text with your friends or family if you feel uncomfortable saying something directly. 5. Talk to a campus official in a non-emergency situation.

Other ways to effectively intervene as a bystander are:

- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take advantage of another person.
- Refer people to on or off-campus resources listed in this document for support in health, counseling, or legal assistance.

IF YOU EXPERIENCE SEXUAL VIOLENCE

1. Be safe and go to a safe place.
2. Get medical care (if needed). If you are physically injured, medical care is vital. You can get medical care at any hospital emergency room. If you are 18 years or older, you can get treatment for your immediate injuries without filing a police report.
3. To get support and assistance with the assault process, you should consider calling as soon as possible one of these 24 hour services: Mayo Safe Path Domestic Abuse and Sexual Assault Services, 608-392-7804 or 1-800-362-5454, extension 27804; Mayo Sexual Assault Nurse Examiner (SANE) Program, 608-392-7000 or 1-800-362-5454, extension 27000; or Gundersen Sexual Assault Services Crisis Line, 608-775-5950 or 1800-362-9567, extension 55950.
4. Tell someone you can trust: a counselor, a friend, a relative, a medical provider, a minister, the police, a Resident Assistant, or a Residence Life Community Coordinator.
5. If you intend to report the assault, or leave this option open in the future, physical specimens collected soon after the assault/rape will be valuable evidence. Do not shower, bathe, wash your hands, eat, drink or brush your teeth. Place each item of clothing in a separate paper bag (no plastic). Leave the area where the assault occurred undisturbed.
6. You make the decision when and how to utilize law enforcement. However, the longer you wait to report the assault, the greater the likelihood that valuable evidence (e.g., DNA, collaborative interviews from witnesses) may be lost. Evidence collection is usually done in the county where the assault occurred, usually within the first 72 hours following the assault (the earlier, the better). You have three ways to contact law enforcement:

- A. Call 911 if an emergency, or if not emergent, call the police department dispatch where the crime occurred. B. Go to the police station in the jurisdiction where the assault occurred to file a police report, or
C. If you go to the hospital, ask that they notify the police.

FILING A REPORT WITH THE POLICE

A Viterbo student or employee has the right to report sexual misconduct or relationship violence to the police and/or to the University. It is the individual's choice to report and there are good reasons to report to both, just the police, just the University, or to neither. Assistance from a university official with filing a report with the police is available to students who request it. There are three ways to contact law enforcement to file a report:

1. Call 911 if an emergency, or if not an emergency, call the police department dispatch where the crime occurred. In La Crosse, the non-emergency number is 608-785-5962.
2. Go to the police station in the jurisdiction where the assault occurred to file a police report. The La Crosse Police Department is located on the first floor of the City building at 400 La Crosse Street, La Crosse, WI 54601. Lobby hours are weekdays from 8:30 am to 5 pm.
3. If you go to the hospital, ask that the hospital notifies the police.

CAMPUS PROCEDURES FOR INCIDENTS OF SEX DISCRIMINATION, SEXUAL HARASSMENT, AND/OR SEXUAL MISCONDUCT

Reports of sex discrimination, sexual harassment, and sexual misconduct made to the University should include as much information as possible, including the names of those involved, and the date, time, place, and circumstances of the incident(s).

- Reports can be made by telephone, via email, verbally in person, or by providing a paper copy.

You can make a report by contacting one of the following Title IX team members:

- Todd Ericson, Title IX Coordinator, 214 Murphy Center, 608-796-3856, tmericson@viterbo.edu.
- Sonya Ganther, Deputy Title IX Coordinator, 200 Murphy Center, 608-796-3930, sdganther@viterbo.edu.

- Lisa Josvai, Director of Campus Safety, 5 Student Development, 3911 if using a Viterbo phone, or 608-7963911 if using a non-Viterbo phone, lajosvai@viterbo.edu.

When reported, the individual reporting the sexual misconduct is provided with the option to report the incident to the police/law enforcement. Reporting to the police does not obligate prosecution, but it does make legal action possible if the decision to prosecute is made later. The earlier an incident is reported, the easier it is to collect valuable evidence.

Assistance and support will be provided by a university official to the individual reporting sexual misconduct should he or she choose to report the incident(s) to law enforcement.

2015 FIRE SAFETY REPORT

INTRODUCTION

The Higher Education Opportunity Act (HEOA) became Public Law 110–315 in August 2008, requiring all institutions of higher education that provide residential housing facilities for students to develop an annual fire safety report. Elements of the campus fire safety program consist of: fire prevention policies and practices for on-campus housing, the emergency evacuation procedures for on-campus housing, and fire safety statistics for on-campus housing. This public disclosure is intended to inform current and prospective students and employees of the fire safety programs and policies in place at Viterbo, and Viterbo's state of readiness to detect and respond appropriately to fire-related emergencies. Hard copies of the report are available for public review by calling 608796-3913 or by visiting the Director of Campus Safety at 5 Student Development Center. The Director of Campus Safety is available Monday through Friday, 8 am to 4:30 pm excluding holidays.

FIRE REPORTING

If a fire occurs on campus or at the Outdoor Athletic Complex, campus community members should call 911. Once 911 has been notified, the caller should contact Viterbo Campus Safety at 608-796-3911.

2014 MANDATORY SUPERVISED FIRE DRILLS

Three fire drills are conducted annually at Viterbo. In 2014, one all-campus fire drill was conducted in the fall semester for all main campus buildings including housing facilities. Also in 2014, two fire drills were conducted in on-campus student housing facilities- one in the fall semester during evening hours and another in spring semester during daytime hours.

PROCEDURES FOR STUDENT HOUSING FIRE EVACUATION

1. Each floor has 2 emergency evacuation maps posted on the end of each hallway, to guide occupants to primary and secondary exits.
2. When the building fire alarm is activated, residents are expected to:
 - a. Exit the building, closing the room door and windows on the way out.
 - b. Use the stairs, not elevators. Use the fire exit door at the bottom of the stairs that goes directly to the outside.
 - c. Once outside, go to the designated assembly area and wait for instruction from university officials or emergency management personnel.
 - d. Do not re-enter the building until instructed to do so by a university official(s) or emergency management personnel.

3. Residents who see fire or smoke are expected to pull the nearest building fire alarm and evacuate the building as described above. Residents with information about a fire or who are trapped will call 911. All fires, even those found extinguished, are to be reported.

FIRE SAFETY LOG

The Director of Campus Safety maintains a log of on-campus student housing facility fires. The US Department of Education requires that the fire log includes the date the fire is reported, nature of the fire, the date, and the time and general location each fire on-campus housing facilities. A paper copy of the fire log is available upon written request to the Director of Campus Safety. If Campus Safety, Physical Plant or the Fire Department detects any technical problems with or within the emergency life safety systems, a fire watch patrol and fire log is instituted on each floor until the problem is rectified.

Please assist by maintaining your living area and contacting your Resident Assistant with any health and/or safety concerns.

Sprinklers: Resident students and guests are asked to exercise caution in rooms and corridors with fire sprinkler systems. Any item touching a sprinkler may activate it. If a sprinkler is set off or if there are signs of water near one, contact Campus Safety immediately at 608-796-3911.
