Summer Research Fellows will work in concert with their faculty mentor to produce a progress report that explains the following:

- research methods, results and a discussion of the work completed thus far;
- what work remains to be done and an outline of the plan for the remainder of the summer research term;
- any problems or unexpected issues that may have arisen; and
- how the project is going in general.

Reports should be one to two pages long, double-spaced, 12-pt font, with standard one-inch margins. To the extent possible, please use lay terminology that can be understood by those outside your discipline.

Please contact Kirsten Gabriel at kkgabriel@viterbo.edu with any questions you might have.

Reports should emailed to kkgabriel@viterbo.edu
no later than 5pm on Friday, May 29, 2015.
