A community event to celebrate and recognize “Excellence in Nursing”
Nursing Research on the Green

is a forum for recognizing nursing scholarship and sharing research and clinical practice innovations. It is designed for nurses working in any setting, as well as student nurses.

Purpose
To promote utilization of evidence-based practice and research through the dissemination of research findings and sharing of innovative ideas.

Objectives
1. Propose research questions stimulated by a variety of poster presentations.
2. Discuss evidence-based practice applied to nursing.
3. Discuss ongoing and completed research projects and ideas.
4. Recognize the use of research to solve nursing problems.

Contact Hours Available
This activity has been submitted to WNA CEAP for approval to award contact hours.
Wisconsin Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Gundersen Lutheran Medical Center, Inc. is an approved provider of continuing nursing education by the Wisconsin Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Pre-Registration
There is no fee for this event. Pre-registration is suggested due to limited seating in breakout sessions and to assist with catering.

To pre-register: go to www.viterbo.edu/piphi and select Nursing Research on the Green from the “In This Section” menu (left column). Click on Register Here! under Event Information. Registration deadline is Tuesday, April 23, 2018.

Conference Location
Fine Arts Center, Viterbo University, 929 Jackson Street, La Crosse, WI

Parking
In addition to street parking, limited parking is available in the Fine Arts Center parking lot, as well as in Mayo Clinic Health System ‘Parking Lot 3,’ located at the corner of 10th and Jackson streets.

More Information
Visit www.viterbo.edu/piphi and select “Nursing Research on the Green” from the “In this section” (left column)

Keynote Address:
Every Nurse is a Leader: The Power of Transformational Leadership

Based on the theories of transformational leadership and the organizing framework of leadership developed by Dr. Karen Drenkard, this dynamic and entertaining presentation describes the role of governance for nurses in leadership of self, of a team, and of systems. This engaging presentation uses didactic lecture, video clips, and fun cartoons to create a humorous approach to understanding and embracing the power of nurses as leaders in all roles and levels of patient care.

About the Speaker
Dr. Karen Drenkard is the Senior Vice President/Chief Clinical Officer and Chief Nurse of the O’Neil Center at GetWellNetwork® Inc. in Bethesda, MD. She is responsible for the clinical direction and brings the voice of nursing to patient engagement and the innovation of technology for nursing practice.

Dr. Drenkard is the past Executive Director at the American Nurses Credentialing Center and the Magnet Recognition Program. Prior to that, she served for 10 years as the Senior Vice President of Nursing/Chief Nurse Executive of Inova Health System.

Currently, she is the president of the Friends of the National Institute for Nursing Research (FNINR) and serves as an editorial advisor to Journal of Nursing Administration (JONA) and Nursing Administration Quarterly (NAQ). She is a member of the Board of Visitors for the University of Pittsburgh School of Nursing, Indiana University School of Nursing, The George Washington University School of Nursing Advisory Council, and is a Board of Trustee member for Anne Arundel Medical Center in Annapolis, Maryland. Dr. Drenkard is also an Advisory board member of the Watson Caring Science Institute and is a fellow in the American Academy of Nursing and the National Academies of Practice.

Dr. Drenkard received her doctorate in nursing administration from George Mason University and is a Wharton Nurse Executive Fellow and a Robert Wood Johnson Executive Nurse Fellow.
