Computer Services

Viterbo University wishes to accommodate our alumni that have a need to use computer technology. You will need your alumni card to utilize this benefit. The following outlines the policy for alumni computer use:

- Computer labs in the Todd Wehr Memorial Library will be the only computers available for alumni use.
- Viterbo requires a username and pass code, which may be obtained from the library desk, to access campus computers.
- A card can be purchased for a nominal fee which will allow alumni access to printing.
- Computers and software applications are not intended for commercial use.
- Due to the limited availability of computer resource personnel, alumni must be able to use computers and software independently.
- Current students are the university’s first priority in providing access to the computer equipment and facilities. The university requests that alumni be considerate of current students needing to use the computers, especially during peak times (i.e., end of the semester).
