Viterbo University
Todd Wehr Memorial Library

Technology & Equipment

**Computers:** The library has 80 computers for use by Viterbo students, employees, and alumni. Computers are located in Franny's, in labs on the first floor, and in the second floor library instruction lab. There are printers and scanners and a color printer in Room 115.

**Wireless access:** The library has wireless access. Please contact the Help Desk at 3870 if you need help logging in.

**Laptop computers:** The library has six laptop computers available for check out. These computers are for in-library use only and may be checked out for four hours. If no one is waiting for a laptop, an additional four-hour check-out is allowed. All laptops are due back at the main desk before the library closes.

**Other Equipment:** The library has video cameras, audio recorders, headphones, and iPads available for checkout. All library equipment available to users can be seen on this list. For additional information, please contact the main desk. Library equipment is for the shared use of Viterbo University faculty, students, and staff. No library equipment may leave the country or be checked out for an extended period without prior approval.
