DAHL SCHOOL *of* BUSINESS

MBA with Leadership Emphasis

Viterbo University has a strong reputation for developing servant leaders. Following this tradition, the MBA program offers an optional emphasis in leadership. To meet the requirements of this emphasis, students choose electives in leadership offered from the Dahl School of Business, the Master of Arts in Servant Leadership, or the Ethical Leadership certificate program, and focus their integrated research project on a topic related to leadership.

Students choosing the MBA with Leadership Emphasis begin and end the program with a cohort of professionals from a variety of industries. For two of their electives, leadership emphasis students select courses focused on various aspects of leadership. The final capstone project is also focused on a leadership related topic.

A sample schedule for a student choosing the MBA with a Leadership Emphasis is shown below. Students may begin this program in May, August, or January and graduate in two years while attending class one night per week from 6–10 p.m. or in one year while taking classes two nights per week. Some courses are offered in two formats – face to face or blended/online – so you can choose your most convenient option at that time.
