## MBA with Nonprofit Leadership Emphasis

Viterbo University has a strong reputation for developing servant leaders. Following this tradition, the MBA program offers an optional emphasis in nonprofit leadership. To meet the requirements of this emphasis, students choose electives in nonprofit leadership offered from the Dahl School of Business, the Master of Arts in Servant Leadership, or the Ethical Leadership certificate program, and focus their integrated research project on a topic related to leadership.

Students choosing the MBA with Nonprofit Leadership Emphasis begin and end the program with a cohort of professionals from a variety of industries. For two of their electives, leadership emphasis students select courses focused on various aspects of nonprofit leadership. The final capstone project is also focused on a nonprofit leadership related topic.
