MBA Accounting Emphasis Sample Schedule

Viterbo's MBA program offers an optional emphasis in accounting. To meet the requirements of this emphasis, students choose electives in accounting and focus their capstone project on a topic related to accounting. Students choosing the MBA with Accounting Emphasis begin and end the program with a cohort of professionals from a variety of industries. Students choosing this emphasis select two of their elective courses in the area of accounting and focus their capstone project study on accounting topics.

Students may begin this program in May, August, or January and graduate in two years while attending class one night per week from 6 – 10 p.m. or in as little as one year while taking classes two nights per week. Some courses are offered in two formats – face to face or blended/online – so you can choose your most convenient option at that time.
