Campus Activities and Orientation Office

Classroom education is a priority in your college career, but the learning experience should not stop there. Research shows that 80 percent of learning takes place outside of the classroom, and it’s important to have fun college memories, too. The Campus Activities and Orientation Office organizes and oversees events focused on expanding the student’s collegiate experience with opportunities to meet new people, build your resume, manage your time, relieve stress, and grow in leadership.

Stay on campus, get involved!
