

## READING THE SCHEDULE COURSE LISTINGS

### Course Identification System

Viterbo uses a subject/number course identification system. The 4 letter alpha abbreviation indicates the course subject. Courses at the 100 to 400 level are for undergraduates and 500 through 800 are for graduate students. Some courses may be taken at the 100/200 level or the 300/400 level. In those cases, freshmen and sophomores take the 100/200 level course and juniors and seniors take the 300/400 level course. Registration restrictions are set-up in that manner for those courses.

### Course Prerequisites and Registration Restrictions

Students must have had the course prerequisites prior to registering for the course. Please refer to the University catalog (on-line copy) for prerequisite or other registration restrictions, such as senior standing. Prerequisites may also be seen on VitNet by clicking on the course section link. Students not meeting either the course prerequisites or the course restrictions will not be permitted to register without an override signed by the instructor. You may be allowed to register for a course for which the prerequisite course(s) you are taking this current semester. You may be removed from the course if you do not satisfactorily complete the prerequisite course.
