Entering Cohorts of First-Time, Full-Time, Degree-Seeking, Undergraduate Students

The retention rates are based on the first-time, full-time, degree-seeking undergraduate cohort groups. In alignment with the National Center for Education Statistics, exclusions from the cohort groups are allowed for military activations or deployments, deaths, and permanent disabilities. The retention rate for a given time interval is computed by dividing the number of students from the originally enrolled group who were registered or graduated after that given time interval by the number in the group when originally enrolled, taking into account exclusions at that time. For example, the 3rd semester retention rate for the Fall 2020 cohort (74%) is the percentage of the full-time, first-time, freshmen who entered Viterbo in Fall 2020 (301) and were enrolled at Viterbo at census date of Fall 2021 (224).

First-Time, Full-Time, First-Year Freshmen Retention Rates: Fall 2012-2021 Cohorts

[Table of Contents](#)

Graduation rates are based on the first-time, full-time, first-year, degree-seeking undergraduate cohort groups (FTTFY). Exclusions from the cohort groups are allowed for military activations or deployments, deaths, and permanent disabilities. Rates are calculated for completed years only, including Fall, Spring and Summer terms. For example, the 6-year graduation rate for the Fall 2015 cohort is the percentage of the full-time, first-time, freshmen who entered Viterbo in Fall 2015 and graduated from Viterbo by the end of Summer 2021.

First-Time, First-Year Students Graduation Rates: Fall 2008-2017 Cohorts

Transfer Retention Rates

[Table of Contents](#)

Entering Fall Cohorts of Undergraduate, Degree-Seeking, Transfer Students

The retention rates are based on the degree-seeking undergraduate students who entered Viterbo University as transfer students in the fall term. In alignment with the National Center for Education Statistics, exclusions from the groups are allowed for military activations or deployments, deaths, and permanent disabilities. The retention rate for a given time interval is computed by dividing the number of students from the originally enrolled group who were registered or graduated after that given time interval by the number in the group when originally enrolled, taking into account exclusions at that time. For example, the 3rd semester retention rate for the Fall 2020 cohort is the percentage of the transfer students who entered Viterbo in Fall 2020 and were enrolled at Viterbo at census date of Fall 2021.

Transfer Student Retention Rates: 2012-2021 Cohorts										
	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021

Transfer Graduation Rates

Entering Fall Cohorts of Undergraduate, Degree-Seeking, Transfer Students

[Table of Contents](#)

The graduation rates are based on the degree-seeking undergraduate students who entered Viterbo University as transfer students. Exclusions from the cohort groups are allowed for military activations or deployments, deaths, and permanent disabilities. Rates are calculated for completed years only, including Fall, Spring and Summer terms. For example, the four-year graduation rate of 69% for the Fall 2017 transfer cohort is the percentage of the transfer students who entered Viterbo in Fall 2017 and graduated from Viterbo by the end of Summer 2021.
