Resource Spotlight!

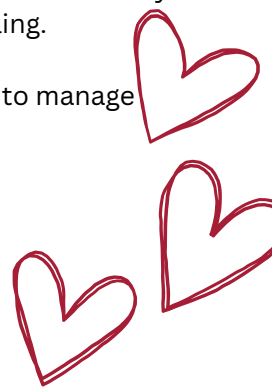

StarFish is a resource that is accessible through Moodle. This allows for students to connect with professors and faculty on and off campus. Students are also able to schedule appointments for Health Services, ARC resources, and academic advising through Starfish.

Homesickness

Moving away to college is a big transition. For some, they have been waiting 18 years to move away, but for others, they have dreaded this day.

We want to help make your transition to college as smooth as possible! If you or a friend are struggling with homesickness, please feel free to reach out. This could be to a friend, a coach, your O-Leader, or our on-campus counselors. Homesickness is normal, and you might be surprised to hear that those around you relate to how you are feeling.

Read this [article](#) for tips on how to manage homesickness.

Handshake

Handshake is a resource for college students to help find the right job for them, both during and after college. For those offered a work study position, those are posted on Handshake, as well as a job description and how to apply!
